“Field-Day” Shorthorn Sale

Contributors

Fred Kreuger and Sons, Spartan Acres Shorthorns, Warman	Lots	1- 33
7 cows with calves, 8 bred heifers, 8 open heifers, 10 bulls		
John Moellenbeck and Sons, Schoolview Shorthorns, St. Gregor	Lots	34- 49
5 bred heifers, 8 open heifers, 3 bulls		
Wm. Muirhead and Sons, Shellrose Shorthorns, Shellbrook	Lots	50- 69
9 cows with calves, 8 heifers, 3 bulls		
Joseph J. Sander, Talcott Shorthorns, Wilkie	Lots	70- 99
28 cows with calves, 1 herd sire		
Colin Patterson, Yorkton	Lots	100-109
5 cows with calves, 5 open heifers		
E. A. Underwood, Saltcoats	Lots	110-112
2 open heifers, 1 bull		
Donald F. Burton, Vanguard	Lots	113-118
6 open heifers		
Wes Lehmann, Rosthern	Lots	119-121
1 cow with calf, 1 bred heifer, 1 bull		

General Information

HEALTH—These herds and the Market are maintained in T.B. Restricted and Bang's Control Areas so that the cattle can go right out from the sale to any point in Canada. Arrangements may be made to test cattle for export.

GUARANTEE—The bulls in this sale are guaranteed to be breeders according to the terms of the Saskatchewan Cattle Breeders Ass'n Rules. Cows with calf at foot are considered to be breeders. Bred heifers cannot be guaranteed in calf but they are guaranteed breeders. Heifers one year of age and over are guaranteed breeders.

SHIPPING—Purchases may be left at the Market overnight while trucking is arranged. For a nominal boarding fee Fred Kreuger will hold cattle purchased at his farm at Warman until arrangements are made for delivery.

Introduction

The privilege of conducting this large-scale sale of Shorthorns and Polled Shorthorns at our Saskatoon Auction Mart makes me very happy. Shorthorn breeders everywhere are good friends to us and we have felt remiss in that we did not have more Shorthorn sales and larger numbers of Shorthorn cattle to offer to the public.

The credit for this undertaking belongs to Fred Kreuger. He spark plugs the Shorthorn industry for this area and he made the arrangements with the other breeders to stage the event. Arranged as it is to follow the Thomas-Draper-Gordon Sale at Hartney, Manitoba on Saturday, June 13, it allows Sunday for travel and visit between Hartney and Saskatoon. I hear the Sask. Shorthorn Association is arranging a field day for that Sunday, to be held enroute. This will undoubtedly be an exciting weekend for Shorthorn enthusiasts.

As I see it the problem facing Shorthorn cattle in recent years has been the lack of enough numbers available to attract new breeders. There is a very great need for new breeders and for existing breeders to go bigger because of the growing demand for Shorthorn bulls in commercial herds. Ranchers are finding a Shorthorn bull "provides extra calves that go to market with more pounds at an earlier date to put more dollars in their pocket." This type of sale will help overcome this situation.

It pleases me that we have a sale with large numbers on offer but it pleased me more to learn from Edgar Philpott, Butte Lee Polled Shorthorns, that he had seen a number of the cattle in the sale and that he thought they were good Shorthorns of the right kind. Also, high quality is indicated by the fact that Joe Sander had Grand and Reserve Grand Champion at Lloydminster Bull Sale plus Grand Champion at North Battleford. His entry in the sale constitutes a major herd reduction with 28 cows and their calves plus a herd sire. Other contributors, namely Muirheads, Moellenbecks and Lehmann, had strong entries at the Regina Bull Sale where the Shorthorns averaged \$814.00 on more than a hundred bulls.

It is our pleasure to host this sale and we hope that we are making a contribution to the Shorthorn breed. We trust you will find our facilities adequate. Our staff will provide assistance in any way possible. Please call on us if we can be of help.

Yours truly,

J. R. (Jock) Blacklock

Warman, Sask.

Dear Fellow Breeders:

We at Spartan Acres offer this 33 head of Short-horns with a great deal of pride. Our basic herd represents a great deal of selection from herds all over Saskatchewan and Alberta. We have been on Government R.O.P. with our complete herd for 5 years and on all animals under 3 years old we have shown the ADG on test and lifetime gain to assist you in making a selection. All the older animals have been classified by the Association and if possible we will have the others done before sale time. We guarantee all animals will be able to export.

We have selected our offering to give variety as well as quality. We guarantee all bulls to be breeders according to the terms of the Saskatchewan Cattle Breeders Association Rules.

All open females are sold with breeding privileges. And arrangements may be made to have all animals kept on the farm (7 miles from the auction) at the buyers risk of course. We are sure your attendance at this sale will be worth your time and effort and we look forward to seeing you again next year.

F. T. Kreuger and Family

REFERENCE SIRES:

BUTTE LEE REWARD 66V

Butte Lee Reward 66V is, as nearly everyone knows, from Philpotts herd and he in turn was sired by Lynwood Reward which every Shorthorn breeder in the U.S. recognizes as a great polled bull. My biggest regret today is I have no pictures of this bull who has sired most of our present foundation stock. You would have to see him to appreciate him fully. We lost him due to an accident but just shortly before we weighed him on his 5th birthday and he weighed 2260 lbs. We had to take the sides off the scale to weigh him. He was classified AA but Ab Stoltz said later that today, when size is more important, he would probably have gone AAA. He shows up on many of the pedigrees here today and his influence will show in our herd for as long as we can maintain it.

Contributed by F. T. Kreuger,
Warman, Sask.

ELLSWAY HIGHLAND 14th

The only horned bull calves that I have bought consistently every year are the calves from the Potts Mitchell herd. Although the herd is small the long-time breeding shows in every animal. Mr. Mitchell has been breeding shorthorns for many, many years. He started with Shorthorns as a young man in Ontario. His standards have always been high. I went to Mitchells to buy a 4-H calf and came away with a whole calf crop and I have taken the whole crop every year since. A good deal of the influence was created by his herd sire. He had everything I was looking for. Lots of length, tremendous bone and good legs and head. He also had horns which I wasn't looking for but his other good points overcame my objections and I'm sure I made a wise decision as you will in picking his offspring for your herd.

HILLHURST CONTROL

The first time I saw this bull I tried hard to buy him and I would still buy him if he ever comes for sale. But I have bought quite a few of his calves and we are putting many of them in our herd. And this year we are breeding heavy to HARVEST SPARTAN JOE which will really give us a strong representation on both sides. Hillhurst Control has the highest gaining Shorthorn calves I have ever known. TPS 21st has a world wide record but I would like to see how they would do on our Saskatchewan R.O.P. Test where we have only oats and hay rations. Last year our top gaining heifer from Hillhurst won the Sweepstakes against all breeds and the competition included Charolais, Hereford, Angus and Shorthorn. If R.O.P. means anything you have it with calves from this sire.

HARVEST SPARTAN JOE X425248

Tattoo KSL 7Z rt. ear, roan, born March 9th, 1968.

Harvest Spartan Joe will be on display at the sale before and during sale day. He has been R.O.P. tested and his certificate will be on display. And several of his calves will be sold during the sale and should be a strong recommendation for Joe. He weighed 1640 lbs. on April 11th, 1970, which gives him a 764 ADG of 2.1 and in breeding condition he was running with 30 cows last year and he will be running with 50 after May 1st this year. We are not selling Joe of course so I think I'll let you pass your own judgements—and I'd like to hear them.

Lot 1—

Female

SPARTAN NUGGET 425354

Tattoo USK 6Z rt. ear, Red,
born February 29th, 1968.

SIRE: Ellsway Highlander 14th 399875—
Red, white markings, L. Schneider

DAM: Queen 549567—Red, white markings, D. Potts

Spartan Nugget is a dehorned bull and has been performance tested and his record of performance certificate goes with him. We entered Nugget in the Regina Bull sale this year but sickness prevented us from taking the trip on time so we held him over for this sale. I don't think there is much you can say about a bull like this that would do him justice, he so obviously has everything. His R.O.P. shows him to have everything he needed to grow and produce growthy calves. And his length, width and height shows him to be the modern kind. He's quiet. We guarantee him as a breeder. He weighed 1710 lbs. April 11th, 1970 and he is not carrying any extra weight.

Lot 2—

Male

HARVEST SPARTAN X428394

Tattoo KSL 4A rt. ear, red,
born February 1st, 1969.

SIRE: Hillhurst Control 2W X416571—
Red, J. T. and E. J. Clark

DAM: Skagacres Claret 7S X530767—Red, S. Goodman

To qualify for Government R.O.P. the calf must be from 160 and 250 days. Harvest Spartan was over the age limit but we weighed him in and although we haven't an R.O.P. Certificate for him we can still verify his index. He had a 2.4 lbs. per day gain on test which gave him a rate of gain index of 100 but his life time gain was 2.4 lbs. for an index of 107. He weighed 1040 lbs. on April 11th. A very good bull.

Lot 3—

Male

SPARTAN ATTICUS X428521

Tattoo AFXJ A4 rt. ear, red, born March 7th, 1969.

SIRE: Butte Lee Reward 66U X408931—
Roan, A. E. Philpott

DAM: Nunebor Fairy 39P 509528—
Red, E. Waring and Sons

Spartan Atticus I believe carries the look of both his sire who weighed 2260 lbs. on his 5th birthday and his grand sire Lynnwood Reward who was such a famous name in the U.S.A. The dam showed the Gallinger breeding exceptionally well and I just sold her for a very good price to Mr. Mitchner in February to add to his good herd. His ADG on test was 2.7 lbs. per day, his index will be available by sale day but should be well over 106.

Lot 4—

Male

SPARTAN FASCINATION X428382

Tattoo AFXJ A5 rt. ear, light roan,
born February 12th, 1969.

SIRE: Butte Lee Reward 66U X408931—
Roan, A. E. Philpott

DAM: Hillnook Sharon X531436—Red, F. Carter

If it's polled animals you are looking for Fascination has it all the way back on both sides plus all the size and conformation of a real winner. He weighed 860 lbs. on April 11th, 1970. His lifetime gain is 2.1 lbs.

Lot 5—

Male

HARVEST SPARTAN 2nd 428395

Tattoo KSL 8A rt. ear, red roan,
born February 19th, 1969.

SIRE: Hillhurst Control 2W X416571—
Red, J. T. and E. J. Clark

DAM: Harvest May 3rd 556361—
Red roan, C. Patterson

Harvest Spartan 2nd is a R.O.P. Tested bull, his ADG on test is 2.3, his ADG lifetime gain is 2.1 lbs. and on April 11th he weighed 895 lbs. You can't go wrong on this kind of a herd sire. He has the look and the facts to back them up.

Contributed by F. T. Kreuger,
Warman, Sask.

Lot 6—

Male

HARVEST SPARTAN 3rd X428396

Tattoo KSL 12A rt. ear, red,
born February 25th, 1969.

SIRE: Hillhurst Control 2W X416571

Red, J. T. and E. J. Clark

DAM: Hillnook Gloria X546972—Red, F. Carter

Frank Carter probably raised the biggest cattle of anyone in Saskatchewan and Hillnook Gloria is a very good sample of this. Coupled with Hillhurst Control this bull just has to make it on size. He is well backed up with polled pedigrees and has the appearance of an excellent herd sire. ADG on test 2.5 lifetime gain 2.3 lbs. per day. His index will be available on sale day.

Lot 7—

Male

HARVEST SPARTAN 4th 428397

Tattoo KSL 13A rt. ear, red, white markings,
born March 20th, 1969.

SIRE: Hillhurst Control 2W X416571—

Red, J. T. and E. J. Clark

DAM: White Lily 534397—White, H. M. Adamson

Harvest Spartan 4th has a very good chance, his dam is a white cow with lots of bone and a background of size that has shown up in both of the calves we are keeping from her. He is dehorned and his index will be available on sale day. But so far on test he has had a 2.7 lb. per day average and his lifetime weight is 2.4 so he is not lacking in size, he weighed 935 lbs. on April 11th, 1970.

Lot 8—

Male

HARVEST SPARTAN 5th X428398

Tattoo KSL 14A rt. ear, red, born March 24th, 1969.

SIRE: Hillhurst Control 2W X416571—

Red, J. T. and E. J. Clark

DAM: Harvest Lily 3rd 563903—Roan, C. Patterson

Harvest Spartan 5th is a close relative of Harvest Spartan 4th a grandson of White Lily and should be just as good a herd bull as 4th. He weighed 905 lbs. on April 11th, 1970. His ADG on test was 2.5 and his lifetime gain is 2.2 lbs.

Lot 9—

Male

SPARTAN THOMAS X428973

Tattoo ZXJ 30A rt. ear, light roan,
born March 31st, 1969.

SIRE: Vidablick Rex X422815

Roan, E. K. Enstrom

DAM: Henrietta 5th X507228—Roan, J. Fedosa

Spartan Thomas and Spartan Gordon are out of the bull John Fedosa is using now and we put these bulls on test to see how they would do and although at catalogue time they are not off test they will be by sale day and I am sure they will make a good showing. Gordon weighed 840 lbs. on April 11th and Thomas weighed 775. They are both polled all the way back.

Lot 10—

Male

SPARTAN GORDON X428974

Tattoo ZXJ 31A rt. ear, light roan,
born March 2nd, 1969.

SIRE: Vidablick Rex X422815—Roan, E. K. Enstrom

DAM: Rose Bell T X541286—Red, J. Fedosa

Warman, Sask.

Lot 11—

Female

HILLNOOK STAR 2nd 571393 A
Tattoo JE 7X rt. ear, red, white mark,
born March 17th, 1966.

SIRE: Glenkair Underhill 407117—Red, G.A.F. Powell
DAM: Hillnook Roany 523014—Light roan, F. Carter

Star has been an exceptionally good cow to us, she has given us 3 good calves. We are keeping her last year's heifer calf. With her exceptionally large frame and good quarter she will always be a good producer. Exposed to HARVEST SPARTAN JOE May 1st. Very good cow and calf.

Lot 11 A—Red heifer calf at foot born March 23rd,
tattoo B5, by HARVEST SPARTAN JOE.

Lot 12—

Female

LANGPARK SAMANTHA 577110
Tattoo ZZD 24Y rt. ear, roan,
born October 8th, 1967.

SIRE: Butte Lee Reward 66U X408931—
Roan, A. E. Philpott

DAM: Whitestar Hope X547863—Red, star, J. Fedosa

We bought Samantha when she was only 2 months old because John didn't want to bother with a winter calf, but we offer Samantha as proof that every late calf doesn't turn out poor. She was too young to breed in 1968 so we held her over until 1969. She has the same top line as her sire who was 2260 lbs. at 5 years old. She weighed 1300 lbs. on April 11th, 1970.

Lot 13—

Female

ROLANDO PRAIRIE ROSE X508097 AA
Tattoo YNK 4 P rt. ear, dark roan,
born March 12th, 1959.

SIRE: Sunny Bar Landmark X366977—Red, H. J. Kidd

DAM: Aston Villa Mistress 38th 435768—
Red, roan, H. Strong, Sr.

Prairie Rose has a pedigree that reads like a Shorthorn bull of fame. With all the famous breeders and famous sires shown. But to appreciate Rose you must know the big growthy good doing calves she produces every year. We are keeping her last year's bull calf as we have her heifer calf from 1968. Classified AA. She should have calf at foot by sale day.

Lot 14—

Female

RED ROSE BELL T X510925 A
Tattoo ZZD 10P rt. ear, red, star,
born September 12th, 1959.

SIRE: Crusader X343962—Red roan, F. Watson

DAM: Rose Belle X433396—Roan, D. Smith

This cow has been very good to us, she has never missed giving us a very good calf, always polled, always roan or white. This is classified A. Exposed May 1st to HARVEST SPARTAN JOE, will have calf by sale day.

Lot 15—

Female

HILLNOOK POLLY X512959 AA
Tattoo JE 34P rt. ear, red, born October 28th, 1959.

SIRE: Gay Defender X379523—

Red, white markings, McKnight Bros.

DAM: Ivy Blossom 2nd 434906—Roan, J. A. Riddall

Polly is a favorite with our family, she is so quiet and she always has such beautiful roan calves. The girls usually like this for 4-H and they never let them down on Achievement Day. Last year she calved so late, I doubt she will have calved by sale day. But she is in calf to HARVEST SPARTAN JOE. Classified AA.

Contributed by F. T. Kreuger,
Warman, Sask.

Lot 16—

Female

HILLNOOK INEZ 577323 A

Tattoo JE 29X rt. ear, red, born May 19th, 1966.

SIRE: Glenkair Underhill 407117—Red, G. A. F. Powell

DAM: Hillnook Verna 559322—Roan, F. Carter

Hillnook Inez sells without a calf. Her calf froze in the March blizzard but she has left us 2 good calves in 1968 and 1969. And you can buy this big growthy young cow with assurance that she will give you big growthy calves with heavy weaning weights. She has been exposed to HARVEST SPARTAN JOE, May 1st.

Lot 17—

Female

LUCKY TILLY 577203

Tattoo USK 4Y rt. ear, red, born March 21st, 1967.

SIRE: Ellsway Highlander 14th 399875—

Red, white markings, L. Schneider

DAM: Tilly 471876—Red, underline white, D. Potts

The first contact we had with Miss Potts was in December 1967 when we went looking for a 4-H heifer for Shiela and we bought Lucky Lilly that day. Since that time we have taken the complete calf crop every year and you can see why. On April 11th, 1970 she weighed 1115 lbs. Should have calf by sale day.

Lot 18—

Female

HILLNOOK PAL X577324

Tattoo JE 12Y rt. ear, red, white marks,
born April 13th, 1967.

SIRE: Glenkair Underhill 407117—Red, G. A. F. Powell

DAM: Hillnook Theresa 2nd X548223—

Red, white markings, F. Carter

This heifer calved on February 25th but the calf froze before we found it. She is bred to HARVEST SPARTAN JOE to calve after March 1, 1971. Hillnook Pal is another sample of those big growthy animals of Frank Carter. Nothing can be more modern than this type of cow. Coupled with a R.O.P. program to cull with, these kind of cows just have to make you the calves that everyone looks for. Pal lost her calf by accident. She has been exposed to HARVEST SPARTAN JOE, May 1st, 1970.

Lot 19—

Female

HARVEST SPARTAN FRANCES X581309

Tattoo KSL 13Z rt. ear, red, born March 20th, 1968.

SIRE: Hillhurst Control 2W X416571—

Red, J. T. and E. J. Clark

DAM: Heathwood Frances 20V 557377—

White, F. Wotherspoon and Son

If there is one group of animals that we have real pride in, its the one we got from Colin Patterson, they keep on growing when others quit. They are quiet, have lots of milk and make the best brood cows we have on the farm. Last year on our R.O.P. the Patterson calves had an average index of 109. This year they will probably do as well. She weighed 757 lbs. on April 11th, 1970. Exposed to HARVEST SPARTAN JOE May 1st.

Lot 20—

Female

SPARTAN SANDRA 583177

Tattoo AFXJ 15Z rt. ear, red, underline white,
born May 4th, 1968.

SIRE: CGF Coronet Leader 2nd X418249

Red, little white, R. A. Forderhase

DAM: Langpark Ruby X563666—Red, J. Fedosa

This heifer is sired by a bull I bought from Harold Thieman when I was down to Concordia, Missouri. And John used him for a few of his best heifers. With the dam out of the big Butte Lee Reward this has got to be the best pedigree offered here today. But Sandra has the performance to go with it, and she is polled on both sides but she was registered with horns. She weighed 970 lbs. on April 11th, 1970. She has been exposed to HARVEST SPARTAN JOE May 1st, 1970.

Contributed by F. T. Kreuger,
Warman, Sask.

Lot 21— **Female**

COLBERT HILL DUCHESS SPARTAN 581421

Tattoo ABDD 20Z rt. ear, red, underline white,
born April 15th, 1968.

SIRE: Lady's Pride X417161—Red, W. G. Stagg

DAM: Colbert Hill Connie 552036—Roan, E.T.C. Colbert

Calved February 26th and the calf froze. She has now been exposed to HARVEST SPARTAN JOE since May 1st, 1970.

Lot 22— **Female**

SPARTAN SHEILA GRACE X583227

Tattoo AFXJ 8Z rt. ear, red, underline white,
born April 3rd, 1968.

SIRE: Glenkair Underhill 407117—Red, G. A. F. Powell

DAM: Hillnook Sheila X531437—Red, F. Carter

This heifer is a good one, she is out of a very big cow of Frank Carter's that had so much milk. Frank milked her for years. She weighed 1030 lbs. on April 11th and is exposed to HARVEST SPARTAN JOE May 1st.

Lot 23— **Female**

SPARTAN SHEILA 583228

Tattoo AFXJ 9Z rt. ear, red, born April 1st, 1968.

SIRE: Hillnook Oliver X421384—Red, F. Carter

DAM: Hillnook Isla X577322—

Red, inclined to roan, F. Carter

This is another animal with Carter breeding, she has size on her side and the ability to pass that size on to her calf. She is polled all the way. We are sure this heifer will be a worthy addition to any herd and make her owner proud to have. Weight on April 11th, 1075. Exposed to HARVEST SPARTAN JOE May 1st.

Lot 24— **Female**

SPARTAN ROSETTA 2nd 582658

Tattoo USK 11Z rt. ear, red, born May 10th, 1968.

SIRE: Ellsway Highlander 14th 399875—

Red, white markings, L. Schneider

DAM: Rosebud 549574—Red, white markings, D. Potts

Spartan Rosetta 2nd exposed to HARVEST SPARTAN JOE May 1st. She should have calved in May this year but somehow she missed. But the vet. says there doesn't appear to be anything wrong with her, but as a safeguard we guarantee her ability to breed. She weighed 1040 April 11th, 1970. Her ADG on test was 1.92, her rate of Gain Index was 122 and her lifetime index was 103.

Lot 25— **Female**

SPARTAN HOPE X583487

Tattoo AFXJ 22Z rt. ear, red,
born August 18th, 1968.

SIRE: Butte Lee Reward X408931—Roan, A. E. Philpott

DAM: Whitestar Hope X547863—Red, star, J. Fedosa

This heifer is polled all the way back on both sides. She was a late calf and didn't get full benefit from her mother or a chance to get much grass but she is making up for it every year. She is growing like a weed and developing into a real beauty. Weight on April 1st, 866.

Contributed by F. T. Kreuger,
Warman, Sask.

Lot 26—

Female

COLBERT HILL ZELLA SPARTAN 581423

Tattoo ABDD 23Z rt. ear, red star,
born April 23rd, 1968.

SIRE: Lady's Pride X417161—Red, W. G. Staggs

DAM: Colbert Hill Allie X566223—

Red, white markings, E.T.C. Colbert

This fine young heifer got missed in the breeding program last year but she is now safely in calf to HARVEST SPARTAN JOE. Her R.O.P. index on feed was 116, her lifetime index was 106. On April 11th she weighed 1140. She has the makings of a big cow.

Lot 27—

Female

SPARTAN QUEEN 587521

Tattoo USK 1A rt. ear, red, born February 9th, 1969.

SIRE: Ellsway Highlander 14th 399875—

Red, white markings, L. Schneider

DAM: Queen 549567—Red, white markings, D. Potts

I believe Spartan Queen speaks for herself but she didn't come to us until she was too old to put on test and now she spent a good deal of the winter with the cows and as a result is a little light for her lifetime gain but she will make that up for sure. She has been dehorned and sells with breeding privileges. She weighed 860 lbs. on April 11th, 1970. She has a lifetime ADG of 2.0 lbs.

Lot 28—

Female

HARVEST SPARTAN FLORA 587244

Tattoo KSL 5A rt. ear, red, born February 6th, 1969.

SIRE: Hillhurst Control 2W X416571

Red, J. T. and E. J. Clark

DAM: Heathwood Flowergirl 12T 542846—

Roan, F. Wotherspoon and Son

Another one of those very good Patterson calves. On April 11th she weighed 800 lbs. But she wasn't on test, she was too old to qualify so we left her with the cows until late but she still has a lifetime ADG of 1.9.

Lot 29—

Female

SPARTAN CONNIE 587523

Tattoo USK 5A rt. ear, red, born March 15th, 1969.

SIRE: Ellsway Highlander 14th 399875—

Red, white markings, L. Schneider

DAM: Connie 577533—Red, Miss D. Potts

Spartan Connie has a very good record to live up to as far as we are concerned. Both her mother and her sisters have been real record makers, we sold her mother this spring for \$650 off the farm. And her fall sister from last year was sold last fall open for \$600. We didn't get her until she was too old to put on test and she lived with the cows until late last winter but she is rapidly making up for it now and no doubt she will be the winner her mother was. She weighed 750 on April 11th. She has been dehorned. She sells open with breeding privileges.

Warman, Sask.

Lot 30—

Female

SPARTAN ROSE 2nd 587524

Tattoo USK 6A rt. ear, red, born March 30th, 1969.

SIRE: Ellsway Highlander 14th 399875—
Red, white markings, L. Schneider

DAM: Rosebud 549574—Red, white markings, D. Potts

We take pride in offering Spartan Rose, we are also offering her full sister as Spartan Rosetta and she is certainly a strong indication of what these Potts animals will do. They also do well on very little care. She has been dehorned. ADG on test was 2.3 lbs. per day. Lifetime ADG was 2.2 lbs. per day. Sells open with breeding privileges.

Lot 31—

Female

SPARTAN LADYBUG X587614

Tattoo AFXJ A9 rt. ear, red, born March 24th, 1969.

SIRE: Butte Lee Reward 66U X408931—
Roan, A. E. Philpott

DAM: Mabeline X500022—
Red, inclined to roan, J. Fedosa

We offer Spartan Ladybug with a real pride, the whole family does. The combination of Mabeline and Butte Lee Reward gave us many of our very best polled calves and this is the first female we ever sold off these two. I don't think there is anything I can add to what you will see in the ring except a tear at seeing her go. She is being tested on R.O.P. and her index will be available on sale day. She weighed 755 lbs. on April 22nd, 1970. She sells open with breeding privileges.

Lot 32—

Female

SPARTAN EMPRESS 587451

Tattoo USK 11A rt. ear, red, born April 16th 1969.

SIRE: Spartan Red Regent X421500—
Red, E. Waring and Sons

DAM: Dominion Empress 558761—Red, Miss D. Potts

Spartan Empress is out of a very large cow and the big growthy bull of Ed Warings, both animals have lots of size behind them and with a 2.4 lb. per day lifetime average there isn't much doubt about Empress being a big one. Weight April 11th, 865 lbs. Sells open with breeding privileges.

Lot 33—

Female

SPARTAN SALLY 587525

Tattoo USK 8A rt. ear, red, born April 28th, 1969.

SIRE: Ellsway Highlander 14th 399875—
Red, white markings, L. Schneider

DAM: Sally 532971—Red, star, Miss D. Potts

Spartan Sally is exceptionally long, she is also smooth and just can't help but make a real good brood cow. She has been dehorned. She weighed 690 lbs. on April 11th. She comes off R.O.P. test May 14th. Her index will be available at sale time. Sells open with breeding privileges.

St. Gregor, Sask.

INTRODUCTION:

Our herd was started in 1945 with the purchase of three heifers bred to Killearn Monarch 5th. Our first herd sire was Bluffview Scotsman 9th by Knockhill Scotsman by Killearn Duke by Danny Boy 2nd from A. Slater of Regina. The next bull was bought from Hume & Sons of Carlyle, he was Reliance Freebooter 6th and then we bought Killearn Max Star by Killearn Max 5th from Claude Gallinger at \$2,000.00. We used this bull successfully; we only have two cows left. In 1958 we purchased Norseman 6th at \$2,150.00 (see his footnote). This ton AAA bull left us a lot of good heifers. In 1961 we purchased Barscona Beauty's Purvis from Howard Byers, Clover Bar, Alta. (See his footnote). In 1965 we purchased our first Polled Bull D'N Eden Prince Rothes 12T from Morton Bros., Bulyea, Sask., he was sired by Carig Prince Rothes X. In 1967 we got into the great Leader cattle with the purchase of Butte Lee Leader 37th from Edgar Philpott, Central Butte, Sask., this our first son by T P S Coronet Leader 21st. (See his footnote). In 1968 we bought Thomas Leader 76Y at the Thomas Draper Gordon Sale. He was one of the last sons of Coronet Max Leader to sell.

NORSEMAN 6th

He was Grand Champion at the Saskatoon Inter-provincial Bull Sale, where we purchased him at \$2,150.00. He was the first AAA bull in Saskatchewan. We retained a large number of his daughters in the herd. He was later sold to Bill Small who used him quite successfully. He weighed over a ton. His breeding sells.

T P S CORONET LEADER 21st

The 21st is sired by CORONET MAX LEADER who is also the sire of our herd bull Thomas Leader 76Y. Our other sire is a son of the 21st.

Contributed by John Moellenbeck and Sons,
St. Gregor, Sask.

REFERENCE SIRES:

BARSCONA BEAUTY'S PURVIS

Perhaps the best breeding bull ever to walk our pastures, he was big, a modern kind of bull. We purchased him at the Saskatoon Interprovincial Bull Sale where he was Junior and Reserve Grand Champion. He was bred by Howard Byers, Clover Bar, Alta. Sired by Helmar Cyclone who was sired by Cruggleton Purvis who was used by Marlbar Farms in the United States. We retained almost every daughter in the herd, many of the grand-daughters are selling in this sale. We sold Barscona Beauty's Purvis to William Muirhead & Sons, they used this bull very successfully.

BUTTE LEE LEADER 37th X418828

Tattoo OFZ 27X rt ear, roan, born March 27th, 1966.

We purchased Butte Lee Leader 37th from Edgar Philpott, Central Butte. Leader 37th was on government test in Saskatoon, where he gained 3.07 lbs. a day, index 114. He is sired by TPS Coronet Leader 21st and out of Butte Lee Fairy 5th by Lynnwood Reward. Leader 37th is a $\frac{3}{4}$ brother to Kinnaber Leader 6th who sired the last two grand champions for M. A. Dreger, Lorlie and is now in the Thomas herd at Hartney, Man. Two Leader 37th sons stood next to the grand champion in class this year. His first three sons to sell at public auction averaged \$870. We sold daughters to K. C. Farms, Kansas City, Mo. and Bob Gordon sold a daughter by him to Don and Pat Stout, Kremlien, Okla. He now weighs over a ton.

DAM: Hillhurst Secret Selma 2T 539164—

Red, J. T. and E. J. Clark

Full sister to Barry Andrews heifer and we have a full sister in our herd. 11A had a weaning index 99 and has done well this winter. Sells open.

Contributed by William Muirhead and Sons,
Shellbrook, Sask.

Lot 64 **Female**

SHELLROSE ROSEWOOD 12A 588865

Tattoo OFV 12A rt. ear, roan, born March 25th, 1969.

SIRE: Barscona Beauty's Purvis 389312—

Dark roan, R. H. Byers

DAM: Shellrose Rosewood 7U 548387—

Roan, W. Muirhead and Sons

12A had a weaning index of 103. Another female from the Rosewood family, her grandmother was AAA cow and Reserve Grand Champion at the Toronto in 1957. I think these heifers from Barscona Beauty's Purvis will give you a good idea of the great job he did in our herd. Sells open.

Lot 65 **Female**

SHELLROSE ROSEBUD LADY 20A 588870

Tattoo OFV 20A rt. ear, red, underline white,
born March 27th, 1969.

SIRE: Braeside Serviceman 403986—

Red, Braeside Stock Farms

DAM: Shellrose Rosebud Lady 29T 545581—

Red, W. Muirhead and Sons

20A index 101. By Braeside Serviceman a bull we have used for a number of years. We haven't sold many champion bulls off of him, but I think the true value of a herd bull depends on the females he puts back in your herd. All of our top calves were out of Serviceman daughters. We have very little calving trouble, or breeding trouble with Serviceman daughters. They are very hardy cattle, good mothers and are good quiet cattle to work with. Any of his sons we've used, we had good success and usually breed better than their sire. I think that in a few years it will prove he was a good sire. Scotsdale Warrington is crossing well on Serviceman daughters and I think Shellrose Purvis 3Y should have good success. She sells open.

Lot 66 **Female**

SHELLROSE BEAUTY 24A 588871

Tattoo OFV 24A rt. ear, red, born March 29th, 1969.

SIRE: Scotsdale Warrenton 417131—Red, S. G. Bennett

DAM: Shellrose Beauty 4W 564382—

Roan, W. Muirhead and Sons

Shellrose Beauty 24A index 102. This heifer is clearly related to Shellrose Beauty 54A which also sells in the sale. Sells open.

Lot 67 **Female**

SHELLROSE MARCHIONESS 38A 589141

Tattoo OFV 38A rt. ear, red, born March 20th, 1969.

SIRE: Scotsdale Warrenton 417131—Red, S. G. Bennett

DAM: Shellrose Marchioness 20X 571444—

Red, W. Muirhead and Sons

38A weaning index 99. This is a heifer's first calf the Marchioness have been a good family for us and we haven't sold many so far. Sells open.

Lot 68 **Female**

SHELLROSE BEAUTY 51A 588877

Tattoo OFV 51A rt. ear, red, underline white,
born March 8th, 1969.

SIRE: Braeside Serviceman 403986—

Red, Braeside Stock Farms

DAM: Shellrose Beauty 2nd 503604—

Red, underline white, W. Muirhead and Sons

51A weaning index 92. This heifer was weaned early because her mother was injured. She should be one of our top heifers off test. Sells open.

Lot 69 **Female**

SHELLROSE BEAUTY 54A 588879

Tattoo OFV 54A rt. ear, dark roan,
born April 18th, 1969.

SIRE: Scotsdale Warrenton 417131—Red, S. G. Bennett

DAM: Shellrose Beauty 20U 548393—

Roan, W. Muirhead and Sons

54A weaning index 103, this will be one of the top heifers off test. A modern heifer with lots of leg under her, strong top and bright alert eye. Her dam also sells. Sells open.

This heifer and my bull entry are out of full sisters, both classified AA and out of an AA cow. All three entries sired by Hillhurst Control 2W, Grand Champion of the 1966 Manitoba Polled Sale. This bull has done very well for me and the Pattersons of Yorkton.

Contributed by Donald F. Burton,
Vanguard, Sask.

I have bought many of my best foundation stock from Donald Burton. He has been an outstanding Polled Shorthorn Breeder since the 1920's. Donald has been in hospital most of the time since last fall and his family have all left. So when he heard we were having this sale he asked me to put these 6 heifers in for him as he can't look after them. He intended keeping them for replacements so they are not in top condition. But if you read Donald's registrations carefully and look these calves over you will agree there are no footnotes or cleanups needed to see these calves have exceptional potential as herd replacements. They sell open.

F. T. Kreuger
